

UPDATED EMERGENCY MEDICAL DISPATCHER CEH LIST

We've done an additional review of the Continuing Education programs at the November Samoset EMS seminar in Rockport. There were a few programs that were initially assigned category 2, but that could also be applicable to categories 9 or 10. In that category 9 and 10 CEH are more of a challenge to obtain, Maine EMS and the folks at the seminar have agreed to approve and to issue CEH certificates (respectively) for the following programs; the certificates will indicate that an emergency medical dispatcher may use the training for either category 2 or the "other" CEH listed (in the table below).

I hope this helps with your CEH needs.

Drexell White, EMT-P

Emergency Medical Dispatch Coordinator

PRG#	Program Name	Cat #	Hours	OR	Cat #	Hours
100	Self Injury – A Real Challenge for your Next Call	2	1.5	OR	10	1.5
